A close-up photograph of a small, light-colored frog, possibly a tree frog, perched on a large, vibrant green leaf. The frog is positioned in the lower right quadrant of the image, facing left. Its body is a pale yellowish-green with darker, brownish spots. The leaf it sits on is large and has prominent veins. In the background, other green leaves and thin, dark stems are visible, creating a lush, natural setting. The lighting is bright, suggesting a sunny day.
